

Our vision:

Shaping the future of health service delivery to give our communities a great experience throughout the region.

Region-wide service & workforce planning

- Be a community that health care professionals want to be part of.
- Provide aged care our community is proud of.
- Provide mental health care our community is proud of.
- Provide acute care our community is proud of.

Central Functions & Shared Services

- Share services and centralise core functions.
- Use technology in new ways.
- Manage and reduce our waste.

Local Solutions

Harness local assets to improve health outcomes for our consumers.

Quality, Safety & Experience

- Adopt the safest processes and practices
- Deliver culturally safe services.

Our values:

Respect. Integrity. Collaboration.

The foundations:

Our people. Our service. Our communities.
